Our Ref. 103891

Ms. Connie Denesiuk  
Chair of the Board  
Okanagan College  
1000 KLO Rd  
Kelowna BC V1Y 4X8

Dear Ms. Denesiuk:

This Mandate Letter provides Government's annual strategic priorities and sets out key performance expectations for the 2017/18 fiscal year for your institution.

On behalf of the Province of British Columbia, thank you for your leadership and the contributions made by Okanagan College over the past year, including your support for the use of online resources and open textbooks, helping to save costs for students. We recognize the efforts made in supporting the strategic actions outlined in the 2016/17 Mandate Letter, which continue to be priorities this year.

The BC Corporate Governance Framework takes a principles-based approach to providing direction for effective governance of ministries and public sector organizations. Since June 2014, the Taxpayer Accountability Principles (TAP) have provided guidance to ensure that the actions taken and services provided strengthen accountability and promote cost control, while meeting the public policy objectives established by Government on behalf of the citizens of BC.

It is critical that institutions operate as efficiently as possible, in order to ensure that British Columbians are provided with effective services at the lowest cost possible. This requires constant focus on maintaining a cost conscious and principled culture through the efficient delivery of services that stand the test of public scrutiny and help to develop a prosperous economy in an environmentally sustainable manner. This is critical to Government's commitment to control spending and balance the budget.

Government is making open information a priority across the public sector to enhance transparency and accountability in the delivery of programs, public services and the use of public resources.

Government is responsible for providing funding, setting the legislative, regulatory and policy frameworks in which public post-secondary institutions operate along with establishing the institution's mandate. This includes the following statutory provisions:

Sections 5 and 6 of the *College and Institute Act*.

- In meeting the needs of its designated region, a college provides adult basic education, English as a second language and adult special education programs. It also provides first and second years of study of baccalaureate degree programs, as well as career, technical, trades and continuing education programming. A college may also offer applied baccalaureate degree programming. Further, a college supports community economic development.

Within the terms of the legislation, the Okanagan College will, in fulfilling its mandate, consider strategic priorities of Government when allocating institutional resources.

The strategic priority actions of Government for 2017/18 are:

- Develop and implement an updated Skills Gap Plan, in alignment with priorities of the BC Skills for Jobs Blueprint;
- Continue to deepen BC's talent pool, in support of the #BCTECH strategy, ensuring opportunities for students in the technology sector;
- Work in partnership with the Government and Aboriginal communities, organizations and institutes to implement the Aboriginal Post-Secondary Education and Training Policy Framework and Action Plan to increase the participation and success of Aboriginal learners;
- Continue to deliver on provincial priorities for international education, including pursuing opportunities to advance the two-way flow of students, educators and ideas;
- Continue to actively encourage and promote the development and use of online resources and open textbooks to support post-secondary affordability for students;
- Continue to actively participate in the development and implementation of a common application system for all public post-secondary institutions in the province and develop a strategy to fully onboard to EducationPlannerBC application services at your institution;
- Promote safe campuses by developing policies and actions to prevent and respond to sexual misconduct and assault of all forms;
- Meet or exceed the financial targets identified in the Ministry's three-year Service Plan as tabled under Budget 2017, including maintaining balanced or surplus financial results; and
- Continue to maximize the efficient use of public post-secondary administrative resources through participation in the Administrative Service Delivery Transformation initiative.

Principled public sector governance remains a priority for Government. Public post-secondary institutions are expected to undertake comprehensive professional development to enhance orientation of their board members and senior executives. Government will be providing programs and resources designed to assist with orientation and to ensure understanding of the accountabilities and expectations of public sector boards and organizations. For detailed

information about TAP directives, please refer to the following link, [Taxpayer Accountability Principles](#).

Government is committed to continue to strengthen the relationship between Government and public post-secondary institutions. This strong focus on increased two – way communication supports and ensures a mutual understanding and appreciation for institutional priorities. In addition, it is expected that your institution will continue to be diligent in ensuring familiarity with and adherence to statutory obligations and policies that have broad application across the public sector. Please refer to the following link for a summary of these accountabilities: [Public Service Organization Accountabilities](#).

As public post-secondary institutions that receive funding from the Government, institutions are expected to conduct their affairs in a manner consistent with the legislative, regulatory and policy framework established by Government and share in upholding TAP. This includes:

1. Adhering to the policy, guidelines and directions of the Public Sector Employers' Council regarding executive compensation and the management freeze (so long as the freeze remains in place).
2. Ensuring that institutional operational and financial activities, including procurement and travel, are conducted consistent with Government standards for cost-consciousness and the most cost-effective use of taxpayer resources.
3. Conducting board matters in accordance with the Orientation for B.C. Public Post-Secondary Institution Board Members guidelines.
4. Ensure board remuneration rates comply with Order in Council 180/95 and that remuneration is publicly disclosed annually on the institution or Ministry website as required by the Treasury Board Directives.
5. Helping to achieve goals identified by B.C.'s Climate Leadership Plan.

The Ministry has posted the annual reporting requirements for public post-secondary institutions on its website. This document outlines the statistical, financial and performance reports for the fiscal year. The Institution agrees to meet these requirements by providing the reports and high quality data necessary for Government to carry out its responsibilities.

Public post-secondary institutions are required to identify major capital projects, including information technology projects, through quarterly reporting to the Ministry. This includes capital and information technology projects with a total cost greater than \$50 million, regardless of funding source.

Each board member acknowledges this Mandate Letter by signing the attachment to this letter. The Mandate letter is to be posted publicly on your institution's website and a copy signed by all Board members provided to the Ministry and made available upon request.

I look forward to our regular meetings focusing on strategic priorities, performance against TAP, and working together to protect the public interest at all times.

Sincerely,

Andrew Wilkinson  
Minister
