6. PRESENTATION/DELEGATIONS

6.1 Okanagan College Student Union (OCSU) (Samantha Wall)

The OCSU student delegation gave a presentation focused on student services and revenue.

Mental Health concerns are of increasing importance to the OCSU. They questioned why nurses were no longer available to students on campus. The Vice President, Students, clarified that the nurses were not OC employees and were grant funded by Interior Health. A suggestion was made to utilize the students in the nursing programs, but this raises the concern of liability. Okanagan College, through Student Services, is researching this issue to identify funding and prioritization.

The OCSU delegation was informed that the Director of Student Services is in the process of gathering data and information to improve student support. It was noted that in regards to education advising and counselling, there has been an increase in services to ensure coverage three days a week.

Okanagan College supports the proposal from the OCSU to hold an expo for students outlining services and support available to them. The Board Chair recommended discussions be held to organize such an event.

It was noted that the OCSU proposal from last year requesting support for Adult Basic Education students is now available to students.

The PowerPoint presentation and handout from the OCSU will be posted on Moodle.

Ben left at 12:40pm

7. NEW BUSINESS/RESOLUTIONS

7.1 *Education Council (D. Silvestrone) moved to 5.1*

7.2 Finance, Audit and Risk Review Committee (B. McGowan)

7.2.1 Domestic Tuition Rate

Motion: B. McGowan/J. Maciel

“BE IT RESOLVED THAT the Okanagan College Board of Governors approve to increase domestic tuition and mandatory fees by 2%, effective the fall 2017 semester.”

The OCFA observer asked if it would be possible to view the budget projection, and if there are other options aside from increasing tuition. The VP Employee and Corporate Services noted that, even after the proposed 2% tuition increase, Okanagan College is still facing a budget gap of close to \$1 million.

A 2% raise in tuition would result in an increase of approximately \$65 per year for the average student.

Okanagan College is one of the only institutions in BC that discusses the possibility of tuition increases directly with the students prior to making a recommendation to the Board of Governors.

Through BC Colleges group, the Board Chair and President are engaged in ongoing advocacy on behalf of the Institution and our students with the Ministry and politicians.

MOTION CARRIED

7.2.2 International Tuition Rate

Motion: B. McGowan/J. Maciel

“BE IT RESOLVED THAT the Okanagan College Board of Governors approve to increase international tuition by 5%, effective the fall 2017 semester.”

The Director of International Education, has made the recommendation to increase international tuition rates by 5%. In making this recommendation, consideration has been given to both the market place, to ensure OC can still recruit students, and that the costs associated with recruiting and delivering instruction and services for international students are covered. Okanagan College tuitions sit at number nine out of fifteen post-secondary institutions and approximately. 15% lower than the next highest institution.

MOTION CARRIED

R. Gakhal left at 1:12 p.m.

8. VERBAL REPORTS

8.1 Board Chair Report (C. Denesiuk)

The Board Chair thanked the Board members who have represented the Board at recent events.

In January, the Board Chair participated in a Public Sector Board Governance Professional Development offering and in the BC Colleges meeting, both held in Vancouver.

8.2 President's Report (J. Hamilton)

The President informed the Board that Okanagan College, was very successful at the recent Canadian Home Builders Association Tommie Awards. In partnership with Wilden Developments, and UBCO, the College won the Fortis Award for Building Energy Efficiency and our new Trades Complex won the *Best Environmental Initiative in Construction (Residential or Commercial)* Award.

The Indigenization Project will soon be rolled out into the community and sub-committees will be developed to promote the project. Local and national aboriginal leaders, will be invited to speak at the College to provide further knowledge and exposure to indigenous issues.

The Internationalization Project was created in early 2016 with volunteers from within the Okanagan College employees group. To date, there have been seven focus groups, five town hall meetings, and numerous information booths set up to create awareness.

15. ADJOURNMENT

Motion to adjourn: A. Beaumont

The meeting adjourned at 1:21pm

MOTION CARRIED

President's Report to the Okanagan College Board of Governors

March 2017

Learner Readiness and Success

- On January 30th Okanagan College Enactus students were presented with a \$9,700 cheque from Interior Savings Credit Union in support of their initiative to promote seniors' wellness through tech-savvy training. Through the Silver Surfers program, Okanagan College Enactus students provide resources and coaching to enhance the abilities of seniors to use tablets to safely explore the Internet, learn to send emails, perform searches, take selfies, and video chat using Skype.
- Okanagan School of Business hosted its 10th Annual Business Expo and Employment Fair on February 1st.
- Two OC computer science students logged an impressive showing at Battlecode, MIT's longest running programming competition held on February 4th. Although it was OC's first time entering a team for the competition, our students placed 49th out of 1000 teams.
- Okanagan College once again welcomed Grade 11 students to campus on February 16th where they had a chance to sample College sessions and experience what it is like to be a student at Okanagan College.
- On February 26th, a team of four Okanagan College students placed second in case competition, The Winning Pitch, held in Victoria.
- OC's Enactus team has once again returned from the regional competition as winners with top-place finishes in the Financial Education, Entrepreneurship, and Youth Empowerment, as well as third in Ecoliving Green. The two regional winning teams, who competed March 2nd – 3rd, will now advance to the National Exposition in Toronto on May 2nd -4th. The national team, which presents on projects across their entire year will also compete on behalf of Okanagan College.
- Students from OC's HR degree program placed first at the HRC West competition held at Kwantlen Polytechnic University in Surrey on March 4th. This win marked the first victory for an Okanagan College team at the event, now in its fourth year.

Community Engagement and Service

- OC students Culinary Arts assisted eleven of Canada's top chefs in the 2017 Canadian Culinary Championships in Kelowna February 3rd -4th.

- On February 8th, I attended the annual “State of the City” luncheon hosted by Mayor Colin Basran and the Kelowna Chamber of Commerce.
- Regional Dean Heather Schneider and I presented to Kelowna City Council on February 20th.
- I had lunch with Premier Clark at a post-budget event hosted by Kelowna Chamber of Commerce on February 24th.
- On February 25th, the College’s Salmon Arm campus raised a total of \$625 for “The Coldest Night of the Year”, a family-friendly walking fundraiser that raises money for the hungry and homeless in communities across Canada.
- Regional Dean Jane Lister and I made a presentation to Vernon City Council on February 27th.
- The 34th annual Spaghetti Bridge Competitions took place on campus on March 3rd. Four OC students had a first-place finish in the ASTTBC Team Building Competition. In addition to the post-secondary and secondary team building competitions, the event also features a heavyweight competition, which was deferred to March 17th due to an equipment malfunction.
- Okanagan College’s Kelowna campus hosted the 20th annual SkillsBC Regional Trades and Technologies competition on Friday, March 3rd. More than 120 students in Grades 6-12 were on campus competing or participating in a variety of hands-on trades training demonstrations in the new Trades Complex.
- I visited Victoria from March 6th – 8th, where Minister Wilkinson declared March 7th BC Colleges Day. During this visit I had the opportunity to meet with MLAs throughout our campus region, AVED Deputy Minister and three Assistant Deputy Ministers, and institutional leadership from BC Colleges consortium members.
- From March 9th to 12th, the Okanagan College Red Dot Players presented “Sense and Sensibility” in the Kelowna campus theatre. The screenplay is an adaptation of Jane Austen’s novel, written by Kate Hamill and directed by our very own English Professor, Jeremy Beaulne. The cast and crew were comprised of a group of the College’s students, employees and alumni.
- On March 16th OC hosted its first Okanagan College Basketball Fundraiser, a March Madness NCAA Bracket Party.
- On March 23rd, I attended the 38th annual Okanagan School of Business Students Association (OBSA) Gala held in the CFL Atrium.

Teaching, Programming and Applied Research

- On March 22nd, I travelled to Neskonlith (near Chase, BC), where I met with Shuswap MLA Greg Kylo to announce Okanagan College’s Forestry Operators Training Program in partnership with the BC government

Indigenization

- I attended the Westbank First Nation Leadership graduation ceremony, where we honored the third cohort to complete the program on February 8th. The program has produced 32 graduates since Fall 2015.
- Okanagan College unveiled plans for a unique greenspace containing more than 50 local Okanagan plants that are of cultural and historical significance to the region’s Indigenous people on March 15th. The garden, na’k’wulamən (na - kool - a- min), is slated to open in July. Its name broadly translates

to “the things we do”, paying tribute to the close relationship between Indigenous people and the natural world.

- On March 18th Charlotte Kushner and I attended the annual Aboriginal Graduation Celebration, where I provided the opening remarks.
- I met with Chief Roxanne Lindley on March 27th to present a Memorandum of Understanding (MOU) agreement between OC and the Westbank First Nation (WFN) Council. The MOU signifies continued collaboration and engagement between WFN and Okanagan College’s Aboriginal Services department to work together on projects and programs that will increase access to post-secondary education.

Internationalization

- On February 20th, OC and UBCO leadership met to discuss ESL/International relationships, program linkages and institutional agreements, joint research, and the Aboriginal Education Council.

Organizational Sustainability

- OC’s Leadership team attended the Tommie Awards Gold Gala on January 28th, where Okanagan College’s Trades Complex received the Gold Award for Best Environmental Initiative in Construction. The Wilden Living Lab, a collaborative project between the College and four community partners, was recognized with the FortisBC Award for Building Energy Efficiency at the gala.
- I travelled to Vancouver February 8th & 9th, where I met with leadership from BCCAT, BCCIE, and the Ministry of Advanced Education.
- On March 1st, Kelowna-Lake Country MP Stephen Fuhr, announced a \$332,485 investment from the Federal Government in a new trades training house at the College’s Kelowna campus.
- Roy Daykin and I held town hall meetings in March on each campus to discuss the proposed 2017-18 budget for the College. This allowed employees the opportunity to ask questions and provide feedback on the proposed budget.

REPORT TO OKANAGAN COLLEGE BOARD OF GOVERNORS
Vernon Campus
2016-2017

Submitted by: Jane Lister, Regional Dean

The following report outlines the key activities occurring at the Vernon Campus.

Supporting Learner Readiness and Success

The Regional Dean and employees of the Vernon campus have been working on improving access to post-secondary education by increasing the dual credit options available for high school students. Dual credit programming now includes all Trades programs, Health Care Assistant, Office Administration, Education Assistant, Nursing Unit Assistant and academic courses in Arts and Business. We have increased the dual credit participation to 50 students this year, up from 40 students last year – primarily through the academic options.

We have also initiated a project to bundle existing programming in a way which provides students with a complete package of courses designed to achieve a specific educational or career outcome. These “packages” have been popular as they give students a clear view of how to complete their studies, the pathways to further education, and the career options available at the conclusion of their studies on the Vernon campus.

The new Trades Building scheduled to be constructed over the next year will contribute to enhancing the student experience. During the past year much work has been done to both help secure the funding for this building (development of the business case) and start the project (planning, working with the project managers, BC Hydro, BC Transit for transit re-routing). The Trades building is a \$6.2 million project and OC is required to contribute \$750,000. Campus employees are working with the OC Foundation on a fund-raising campaign.

Excelling in Teaching, Programming and Applied Research

We are focused on providing a program mix that effectively responds to the needs of our region’s students, employers and communities through:

- Assisting Continuing Studies to find Corporate Training opportunities within the local businesses and to develop an appropriate Corporate Training room within the Campus.
- Offering summer camps – in 2016 we offered seven summer camps and throughout the year we have been working on the development of a new Coding and Entrepreneurship camp for older teens to be offered this coming summer. This new camp is a partnership between Community Futures – North Okanagan and Okanagan College.
- Working with International on increasing the number of international students. We will be hosting an International Study Tour this summer.
- Providing a *Removing the Barriers – An introduction to the Trades* program for at-risk youth.

With respect to enrollments, a key challenge for the campus is the declining number of high school graduates and our need to maintain or increase student numbers. This year, we developed a new promotional campaign aimed at increasing our academic program headcount by 5%.

Our fall enrollments were very encouraging with Arts increasing by 22%, Science by 27% and Business by 8%. The winter terms enrollments stayed the same in Arts but dropped in Science (14%) and in Business (11%) indicating to us that retention to second term and second year is an issue. To that end, a committee was formed to focus on retention. This group analyzed student enrollment data and consulted with students about why they came to the Vernon Campus and why they left. The key finding was that students are satisfied with their experience at Okanagan College but they are leaving for a “greater variety of course offerings.” The work of this committee is continuing in an effort to identify new retention strategies.

Work With, and Learning From, the Indigenous Community

During the 2016 summer, a group of Aboriginal students became very involved with Patchwork Farms in our Garden. These students engaged the local First Nations elders in their work in the garden and, together, they developed an Indigenous Garden project for this year. Work on this Indigenous Garden commenced late last fall and will resume in April.

The Regional Dean has been supporting Vernon campus administrative staff to complete Indigenous Culture Competency training. Last year, four administrative assistants completed this training (2015 – three assistants completed). We hope all of our administrative employees will have completed this training by the end of the 2017-18 year.

We are currently partnering with the Okanagan Indian Band to deliver a cohort of the Stepping Forward program, which provides 13 students from the band with a host of professional certifications and critical employment skills. The program has been extremely well received and we will be offering a second intake in the fall.

Serving and Engaging the Community

The Vernon campus staff continue to be involved with local groups and organizations in order to maintain relationships and gain knowledge on the labour market needs. We are involved in Workforce Development roundtables, economic development committees, social planning initiatives and other community consultations.

During 2016 the provincial government made a decision to not allow the land at the campus to be used for the proposed Amphitheatre project. The project was very controversial and as such the Regional Dean and campus employees dedicated much time and effort toward maintaining positive, local, neighbourhood relations.

We have actively trying to expand opportunities to rent campus space to community groups/organizations. In the 2016-17 year we exceeded the previous year’s rental income and we have

developed plans for increasing rentals again, for the coming year. While the income is not substantial, the benefits derived from these facility rentals include: improved relationships with community partners, improved recruitment opportunities, an invigorated partnership with our food service provider, and an appreciation among students, employees and members of the community of the importance and value of these strong connections.

The English department organized a Spoken Fest event last summer at the campus that engaged the community and showcased local writers. They will be offering this festival again in August 2017. The Science Speaker series continues to be very popular and brings the community to the campus.

Our Enactus group has been active in the community with 20 active members at our Vernon campus. The students are involved in the CANSave program, which teaches financial literacy skills to elementary aged children, and they have implemented the CANSave program at two elementary schools to about 60 young students.

In addition, the Enactus group took the opportunity to become “celebrity servers” at our local Boston Pizza restaurant. They spent the evening serving pizza and pasta while chatting with diners about Enactus and the work they do in the community. By the end of the night they had raised more than \$700 in tips to support their projects.

Focusing on Organizational Sustainability

We have been trying to meet operational challenges through improving facilities and this year Okanagan College invested in:

- Redeveloping an administrative office and meeting space
- Replacing the building envelope (especially where damaged by the birds)
- Replacing the entrance access to accommodate disability access
- Painting, flooring improvements and furnishing for E105, our corporate training room

Led by the Regional Dean, campus employees have also been working on determining ways to use the campus facilities more effectively during the summer months. As noted earlier our Campus rentals have increased with much of this rental coming in the summer months, but we have also developed a number of other initiatives. We have established some new summer camps for youth and children. An international study tour will be visiting and we may have an archeology field course during the spring term.

Work continues at Kalamalka Garden and Patchwork Farms. Last year we expanded the community programming to clients from nine non-profit organizations, received a donation of a greenhouse from Harnois Industries, sold approximately \$1800 in produce and contributed much produce to local charities.

We all continue to work on reducing waste and conducts a waste audit each year in October. The volume of waste has significantly reduced in the past five years (552 litres in 2016 compared to 1,479 litres in 2012).

REPORT TITLE

Forgiveness of Foundation Receivable

DATE

March 14, 2017

BACKGROUND INFORMATION

For example: • Purpose • History • Other relevant information

Under an agreement between the Foundation and the College, the College advances the actual operating costs of the capital fundraising campaign on an annual basis to the Foundation. Funds to repay the loan are expected to come from donations received.

The College has in the past, where room was available at year end, forgiven the loan from the Foundation. However, the full contribution is still made to the Foundation in the form of a donation. This allows the College to use the funds for a wider variety of purposes.

ACTION REQUIRED

For example: • For consultation • For information • For approval (including resolution; see language below)
For approval.

Proposed Resolution:

"BE IT RESOLVED THAT the Okanagan College Board of Governors approve the forgiveness of the loan from the Okanagan College Foundation for actual capital campaign expenses up to \$450,000. The forgiveness of the loan must be done without creating a year end consolidated deficit for Okanagan College."

2017-2018 Trades and Apprenticeship Profile

In 2016-2017 Okanagan College received approval from the Industry Training Authority (ITA) to offer 125 Apprenticeship intakes and 29 Foundation intakes. During the fiscal year, a few adjustments were made with ITA approval, resulting in offering 124 Apprenticeship intakes and 30 Foundation intakes.

Additional funding that was secured in 2016-2017 through AVED and ITA was focused on Apprenticeship training. The following additional Apprenticeship intakes were funded through ITA; Welder - 32 seats, Plumber – 32 seats, Automotive Service Technician – 16 seats, Heavy Mechanical – 48 seats. AVED provided funding for the following Apprenticeship programs; Carpenter – 80 seats, Plumber – 16 seats, Welder – 16 seats and Professional Cook – 32 seats. In addition to our status quo funding we received funding to deliver three High School Gateway Trades Exploratory Programs in Kelowna, SD #23, Penticton, SD#67 and Sicamous, SD #83.

Okanagan College received funding from the ITA to develop and deliver an Electrician Apprenticeship Level 1 'Blended model' delivery program. This new model of delivery combines both face to face and online delivery for Level 1 Electrician Apprentices. This innovative, pilot program will commence delivery March 2017.

Okanagan College developed and delivered Steamfitter/Pipefitter Apprenticeship training for the first time in 2016-2017 for Level 1, 2, 3 and 4 with excellent interest, enrollment and results.

The demand for RACM, Carpentry, Plumbing, Electrical, Automotive Service Technician, and Aircraft Maintenance Technician (Mechanical) apprenticeship programs continue to be strong. Additionally we have seen stronger demand for the Automotive Collision Repair and Sheet Metal programs. The Welding program has seen a dramatic decrease in demand for Apprenticeship programming due to the employment opportunities in the oil and gas industries.

Foundation program enrollment has mirrored the trend of enrollments of Apprenticeship programming. Welding Foundation programming has seen considerable decrease in both enrollment and interest. With construction in the Okanagan region continuing to be strong this has resulted in strong demand for Construction related trades; Carpenter, Plumber, RACM and Sheet Metal Mechanic. Foundation programs are offered throughout the OC region and in the Merritt region in partnership with Nicola Valley Institute of Technology with the greatest concentration of programs in Kelowna.

2017-2018 Proposed Trades and Apprenticeship Training Plan

In November of 2016, the ITA requested that OC develop the 2017-2018 Training Plan based on a status quo budget compared to 2016/17. ITA has indicated that the focus for training will continue to be Apprenticeship and 'high demand trades' and the High School Exploratory Trades Sampler programs. Based on these criteria a proposed Training Plan was developed by the Trades and Apprenticeship office in consultation with the Okanagan School of Business (Culinary) and submitted to the ITA in December 2016.

The Table below provides an overview and comparison for 2016-2017 ITA and AVED funded programming, approved and actual and the proposed 2017-2018 Training Plan with the variance.

Submission of Information from Senior Staff to the Board of Governors

REPORT TITLE

Okanagan College Annual Programming Plan 2017/18

DATE

March 2, 2017

BACKGROUND INFORMATION

For example: • Purpose • History • Other relevant information

The context for program planning for 2017/18 continues to reflect the current funding context and economic trends:

- Continued funding restraints will require adjustments to our program offerings and highly constrain our ability to offer new programming;
- The funding for Trades training is expected to be status quo;
- Similar enrolments are projected in university studies courses;
- The demand for business courses is positive with increased demand for international students;
- The demand for health studies is generally positive;
- The demand for technology programs is generally positive.

Given this situation, the programming plan for 2017/18 continues to follow the approach of the past few years. As such the plan is a combination of (a) continuance of current programming where possible, (b) taking advantage of targeted funding opportunities, (c) maintaining our Trades and Apprenticeship Training Plan as appropriate, and (d) considering offering some new programming on a revenue generating basis.

What follows is a compendium of programming that we are seeking to offer for 2017/18.

See Attachment G: Annual Programming Plan 2017-18

ACTION REQUIRED

For example: • For consultation • For information • For approval (including resolution; see language below)

For approval.

Proposed Resolution:

"BE IT RESOLVED THAT the Okanagan College Board of Governors approve the 2017/2018 Annual Programming Plan as presented"

STRATEGIC PLAN ¹ALIGNMENT

With which Key Directions is this topic aligned? (please choose all those that are applicable)

Key Directions:

- Support learner readiness and success
- Excelling in teaching, programming, and applied research
- Working with, and learning from, the Indigenous community
- Serving and engaging the community
- Focusing on organizational sustainability
- Not an initiative driven by the Strategic Plan but necessary for operational purposes

COMMENTS FROM THE PRESIDENT

I support the motion.

REPORT PREPARED AND SUPPORTED BY (include name and title)

A. Hay, Ph.D., P.Eng - Vice President, Education

*This document is intended to be a cover sheet only (eg one page)
If supporting documents are required, please attach them.*

Material is to be submitted to the relevant Vice President for review and submission to the President

Okanagan College Annual Programming Plan 2017/18

The context for program planning for 2017/18 continues to reflect the current funding context and economic trends:

B: Listing of Programming that is undergoing changes for 2017/18

Arts Programming

- An archeological field school is being planned for the Kalamalka Campus.
- New Communications course to support the new program in Animation.
- The Education Council approved Applied Degree in Writing & Publishing has been reviewed by the English Department. Consideration of resubmission to Degree Quality Assessment Board or further revision is underway.
- Review and potential revision to the Diploma in Environmental Studies (course changes to all options).
- Courses in Geography to support a new Viticulture program.
- Consideration of new courses in Modern Languages.
- The Associate of Arts Emphasis: Studies in Resistance and Revolution (year one) is being introduced to Salmon Arm as a pilot.
- Courses in Special Topics and courses in Directed Studies will be added to many departments' lists of course offerings.
- Distance Education course revisions across a number of Arts Departments.

Foundation Programs

- The Department of English as a Second Language is proposing to integrate English for Special Purposes (ESP) courses with English as a Second Language (ESL) and English for Academic Purposes (EAP) courses as a means of enhancing ESP student experience.

Science Programs

- Concentration in CIS for Business Administration
- Honors in Bachelor of Computer Information Systems

Business Programs

- Culinary Management Diploma

Engineering Technology Programming

- Sustainable Construction Management Technology Diploma – now two year program (Penticton); new intake planned for September 2017
- Trades Technology Teacher Education Diploma (Kelowna) - significant revision has been completed, looking to relaunch program for September 2017

Trades Foundation Programs

- Culinary Arts Certificate
- Heavy Mechanical (revised Heavy Duty/Commercial Transport program)

C: Listing of Programming that may be discontinued for 2017/18

- Elective course offerings where demand has been consistently low for several years in Arts, Science or Business
- “ArtsX” intake is delayed pending a review by departments and the Dean. No intake in 2017/18.

D: Listing of New Programming initiatives that will not require base OC funding for 2017/18

Programming that the Ministry of Advanced Education (AVED) has provided special funding for:

Health Programming

- Health Care Assistant Program – Revelstoke (funding request) – September 2017

Programming with funding from other sources:

Business Programming

- Viticulture Technology Diploma

Foundational Programming

- Volunteer Tutor ESL and Settlement Program (Citizenship & Immigration Canada) (Salmon Arm): application for continued funding anticipated upon expiration of contract

Continuing Studies and Corporate Development Programming:

- Aboriginal Community Support Worker Certificate Program
- BC Farm Adaptation Project (Revelstoke) – funding confirmed
- CIC Immigration ESL training (Revelstoke): Funding extended to March 2017 (joint undertaking with Arts & Foundational Programming)
- Employment Services and Supports (multiple): Jobs, Tourism and Skills Training - funding to be confirmed
- Labour Market Partnership (w Accelerate Okanagan): Social Development and Social Innovation - funding to be confirmed
- Leadership for Innovation and Change Certificate
- Mobile Coding – (Kelowna) - funding confirmed
- Project Based Labour Market Training: Ministry of Social Development and Social Innovation (Revelstoke and Salmon Arm) - funding to be confirmed
- Project Based Training: Ministry of Jobs, Tourism and Skills Training) - funding to be confirmed
- Welcome BC (Revelstoke) – funding confirmed
- Youth Skills Link (Revelstoke and Splatsin First Nation): Service Canada - funding to be confirmed

Programming that can be offered on a revenue generating basis for 2017/18 (tuition rates are sufficient to cover the full delivery cost):

Arts, Business and Science Programming

- Various new sections of Humanities, Social Science, Fine Arts, Interdisciplinary Studies, Business and Science courses to diversify and expand offerings in programming (any campus, determined by student demand and subject to tuition revenue)

Science Programming

- Applied Ecology and Conservation Diploma program offered in partnership with En'owkin Centre - may require further development depending on funding and regional needs. (Penticton)
- Analytical Chemistry Technology Diploma (Kelowna)

Engineering Technologies

- Sustainable Construction Management Technology Diploma (Penticton)

Foundational Programming

- ASE hours from 92% regular appointment to 100% to meet unmet student demand: additional 75 hours instruction (Penticton)

Trades Foundation Programming

- Steamfitter/Pipefitter (Kelowna)
- Collision Repair Diploma
- Electrician Level 1 Apprenticeship

Continuing Studies and Corporate Development

- Aboriginal Based Community Development partnerships – new funding sources have been identified

Education Council – Report to the Board March 2017

Education Council met on March 9, 2017, and approved seven new courses, four course revisions, three program revisions, graduands and one revised schedule which are included in this report. Education Council discussed the 2017 – 2018 Annual Programming Plan and the 2017 – 2018 ITA Training Plan

March 9, 2017 Education Council meeting

Revised Programs

Recommended Motion:

“BE IT RESOLVED THAT the Board approve the program revision: Electronic Engineering Technology Bridge to UBC Okanagan Electrical Bridge, as recommended by Education Council and as presented.”

Electronic Engineering Technology Bridge to UBC Okanagan Electrical Bridge

Program revision:

- Admission requirements

Rationale:

To advise applicants that there is a prerequisite requirement for CHEM 111 that will need to be met to enroll in the course.

Admission requirements:

Current:

Completion of Okanagan College’s Electronic Engineering Technology diploma program with a minimum graduating grade average of 80%.

Proposed:

Completion of Okanagan College’s Electronic Engineering Technology diploma program with a minimum graduating grade average of 80%. Students entering this bridge program are advised to complete either Chemistry 12 with a minimum 60% grade or Chemistry 11 with a minimum 75% grade to be eligible to enrol in CHEM 111.

Reason:

To reflect the required course prerequisite for CHEM 111.

Implementation date: Feb 2017

Costs: n/a

Recommended Motion:

“BE IT RESOLVED THAT the Board approve the program revision: Network and Telecommunications Engineering Technology Diploma, as recommended by Education Council and as presented.”

Network and Telecommunications Engineering Technology Diploma

Program revision:

- Addition of courses
- Deletion of courses
- Program outline
- Resequencing of courses
- Revision of courses

Rationale:

Through ongoing review of the diploma program and in consultation with the Program Advisory Committee, the department has identified several areas where program outcomes and industry expectations need to be re-aligned. This is an expected event as the information technology industry evolves so rapidly.

Program description:

This diploma program produces graduates who possess the skill set, attitude and knowledge to establish careers as certified technologists in the fields of local-area and wide-area voice, video and integrated data communications. Course work stresses messaging principles and provides insight into wired, wireless and fibre-optic signal propagation.

The rapid development and enrichment of global communications has produced a worldwide reliance on IP networks and the convergence of data and telecommunications has stimulated the need for larger and more integrated network implementations. Network and Telecommunications engineering technologists are trained to design, configure and support this telecommunications infrastructure. They are employed as network support specialists, network operations and telecommunications analysts, communications integrators, network administrators and consultants.

Graduates will possess the:

- skill sets, attitude and knowledge to establish careers and work efficiently as certified technologists in the fields of network and telecommunications engineering;
- understanding of how organizations function to provide effective integration of company operations and the networked corporate systems required today and in the future;
- necessary communication skills and knowledge of business operations required by corporate managerial roles or to start their own business as independent entrepreneurs;
- knowledge and practical experience to confidently challenge exams that form part of current industry certifications; and
- general theoretical skills required to pursue life-long learning and/or continue their education.

Bachelor of Computer Information Systems

Program revision:

- Resequencing of courses

Rationale:

Update the program outline to clarify course options.

Changes:

- From the Design and Development option, under the "One of" section, remove COSC 341 as it is a mandatory course in the Software Design and Development Option.
- From the Database Systems Option, remove the following:
One of (if not chosen above):
BUAD 335 Electronic Commerce
COSC 360 Server-Side Web Systems
COSC 341 User Experience
- Under Group 2 notation at the bottom of the calendar, add the following sentence:
This group does not include science courses.
