## Why I support Okanagan College's Centre of Excellence \$5 million fundraising campaign.

Centre of Excellence fundraising campaign chair, Jim Henderson, says the Centre will be an international showcase that has already boosted the area's profile.

"Our fundraising campaign is aimed at taking the Centre to the next level in green building technology and sustainability. The Centre brings much needed space for the College to offer expanded and new programs so more students will receive hands-on training in a state-of-the-art learning environment. It also means more graduates will be job ready for the environmentally conscious marketplace and will use their education to build and create new businesses in fields that are becoming increasingly important to our world. And, they'll be doing right here in the South Okanagan-Similkameen contributing to our economic prosperity."
