

## Copying a CD in the IBM T60

### Step 1.

Insert CD into drive.

Copy all the files to a folder on your hard drive.

Eject the CD.

### Step 2.

Insert a blank CD-R.

A window should pop up. Select Open writable CD folder using Windows Explorer.

If the window doesn't pop up, then got to My Computer and open the blank CD.

### Step 3.

Drag the files from the folder you made in Step 1 into the blank CD folder.

Right click on the text that says Files Ready to Be Written to the CD and pull down to

Write these files to CD. A wizard comes up and writes the files. When it's done the disc ejects.
