

Problems downloading grades from WebCT on an IBM T60 with built-in security features.

Control Panel, Manage Course, Manage Students.

Options: Records, Download.

Select Tab as the separator, click Go.

Nothing appears to happen.

This warning about 'protecting security' appears at the top of the screen:

How to solve the problem: (I found this when I 'clicked here for options' and pulled down to information bar help)

[To stop blocking file and software downloads with the Information Bar](#)

This procedure will allow Web sites to automatically prompt you when downloading files and software (bypassing the Information Bar).

1. Open Internet Explorer.
2. On the **Tools** menu, click **Internet Options**.
3. On the **Security** tab, click **Custom Level**.
4. To turn off the Information Bar for file downloads, in the **Downloads** section of the list, under **Automatic prompting for file downloads**, click **Enable**.
