January 6, 2010

Splish Splash

Swimmers at the Legion's annual Polar Bear Dip will have a vivid memory of the day that 2010 began. Just before noon on January 1 a dozen or so brave souls lined up along the north shore of Wood Lake joined by family and friends for support.

At 12:00 on the dot the group charged into a pool cut out of the frozen lake. For several minutes the swimmers scrambled amongst the ice and dunked their heads to welcome in the new year.
