New for 2011/12

Integrated Canada & BC Student Loans

The governments of Canada and BC have integrated their full time student financial assistance programs - Canada Student Loans and StudentAid BC - to simplify the borrowers' experience.

No more managing two student loans

Integration will simplify the management of your federal and provincial student loans. These loans will be managed as a **single Canada – BC integrated loan** at the **National Student Loans Service Centre** (NSLSC).

As of **August 1, 2011**, you will sign a joint federal-provincial loan agreement. Check the status and balance of all your loans at the NSLSC.

As of **July 2012**, if you're in repayment you will make one monthly payment towards your integrated loan. Check the status and balance of all your loans at the NSLSC

For more details about integration, please visit the **StudentAidBC Website**
