Delivering an Online Course

Key Considerations

Beverlie Dietze
Chantale Hutchinson

Learning Outcomes

- Throughout today's session you will,

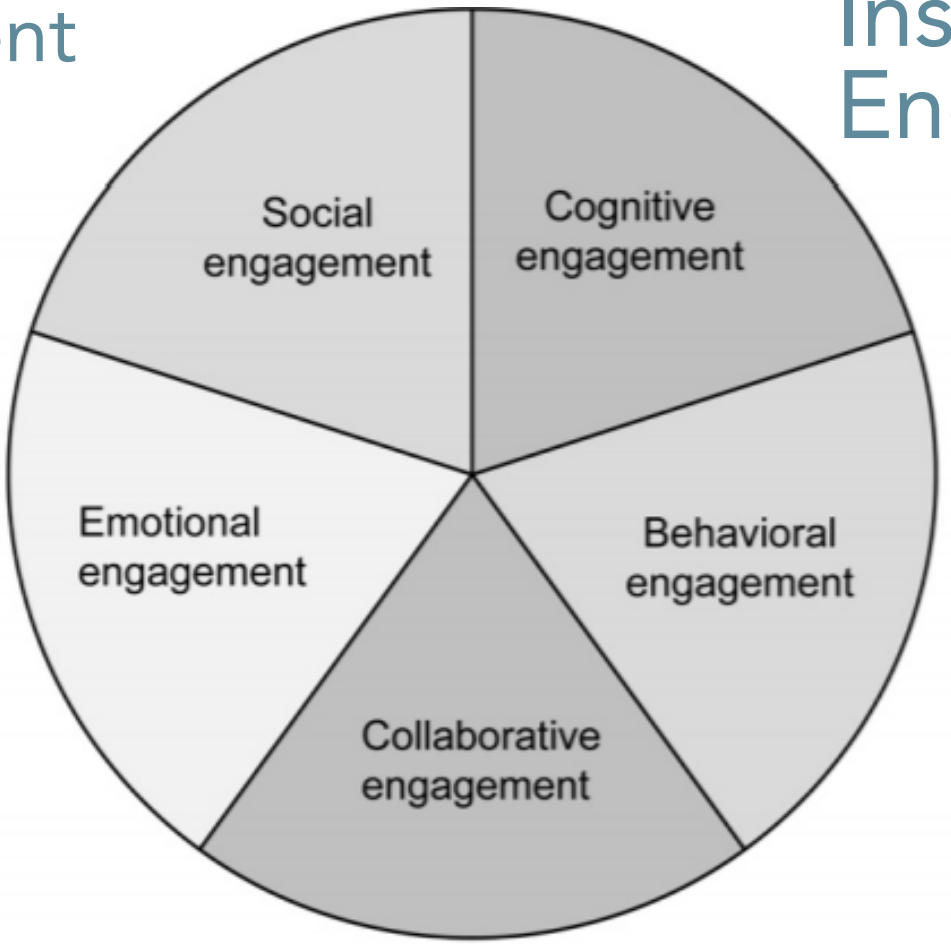
  - Discuss at least five approaches that support student engagement when teaching online.
  - Identify a variety tools in Collaborate and Moodle platforms and tools that support online delivery and student engagement.
  - Describe at least five strategies that instructors / faculty may use when delivering curriculum online.

Tools in Moodle and Collaborate

How many tools do you think are available in Moodle to support you and students in online delivery?

How many tools do you think are available to support you and students when learning on Collaborate?

Learner Engagement



Instructor Engagement

Partner Curators

Information-to-Knowledge Transformative Processes

A time to reflect… A time to imagine…. A time to connect student learning and success with the learning environment

What are some strategies that can help you stay connected with students in an online environment?

Tried and True Practices

- Connection
- Chunking
- Prompt Feedback
- Multi-Media
- Active Learning

Moodle – What lives here?

- Contact Information
- Calendar
- Course Outline
- Learning outcomes
- Link for Collaborate
- PowerPoints
- Detailed instructions for assignments
- Readings for class
- Videos for class
- Discussion Forums
- Activities
- Assessment Requirements
- Gradebook

Collaborate – Mapping a Lesson Online

Establish Routines	• Welcome, provide LO's, agenda
Pre-assess	• Pre-class forum posts, brainstorm in groups or pairs, Moodle quiz, online quiz tools, poll
Deliver Theory	• Lecture, watch a film or simulation, play a podcast, have students read independently, invite guest speakers
Engage Learners	• Student presentations, questions in the chat, breakout groups, interactive whiteboards, case studies, debates
Post-assess	• Complete a reflection, forum or equations posted on Moodle, host virtual office hours, post supplemental material

Learning Outcomes

- What have we achieved in today's session? What outcomes require further exploration?

  - Discuss at least five approaches that support student engagement when teaching online.
  - Identify a variety tools in Collaborate and Moodle platforms and tools that support online delivery and student engagement.
  - Describe at least five strategies that Instructors/Faculty may use when delivery curriculum on line.
